

TW Vets 2s 1 Maidstone Vets 2.

Seeking to redress some recent near misses Wells quickly settled with club director of Hockey Andrew Jenner cleverly supporting skipper Mitchell's tactical innovations. The first half saw end to end play with Wells gelling well and going 1 up through a typical Robin Holliday strike after good work by the excellent Goodwin. The Wells midfield of Grogan, Jago and Mason worked tirelessly in creating chances for the profligant Crosby. However it was no surprise when despite the efforts of the excellent defence of Goalie Digweed, venerable Mayes, wandering Knight and the mercurial David Holloway Wells succumbed to a soft goal on the break .

After the interval Wells increased the tempo and camped extensively outside the Maidstone 25 but with skipper Mitchell diverted to other parts at half time Wells were unable to find the way in and paid the penalty being again caught on the break and ran out frustrated losers.
