## EH Vintage Cup Round 2

Winchester 0 – 2 Tunbridge Wells

Never was the saying “the opposition never looked like scoring” more apt than in this EH Vintage Cup match. Indeed Winchester never had a shot all game as they played with one forward. TW controlled the game from start to finish and really the score line flattered Winchester.

Once again the TW right pairing of Shimell and Morson created chances all game, ably supported by Lang at right half. Jago and Knight in midfield were also able to push forward finding themselves with shooting opportunities.

Eventually the Winchester goal was breached as Holliday put away a chance after Bowens shot was saved.

The second half should have been more of the same, but as ever in such situations the shape of TW became untidy allowing Winchester to have more of the ball. Mayes and Burton however kept a tight grip on any attackers and eventually Morson scored a second to make the game safe. Chances fell to Harrison and Jenner but no goal came.

Digweed, in goal, was pleased to have had a busy game on Saturday to make up for Sunday’s rest. Another good team effort and performance.

Tunbridge Wells women’s V XI 1 - 0 Dartford III

Wells would have hoped to win this more convincingly, but Dartford played a packed defence. This meant Dartford created few opportunities in the circle as the Wells defence cut out the attacks and set up counter attacks.

For the whole first half the Wells endeavours were repelled, but early in the second the breakthrough came. From a series of crude hacks in and out of the circle, the ball broke to Emily Buckland who stroked it into the far corner for what proved to be the winner.
